Implementation of
(e) SECNAVINST 5211.5A of 8 October 1976, Subj: Personal privacy
and rights of individuals regarding their personal records

Encl: (1) Instructions for preparing form AEC 277
(2) Critical Nuclear Weapons Design Information Security Briefing/
Debriefing Certificate (form NAVSEA 5510/1)

1. Purpose. To establish procedures for governing access to and dissemination of RESTRICTED DATA and Critical Nuclear Weapons Design Information (CNWDI) to personnel of the Naval Sea Systems Command (COMNAVSEASYS COM), its shore activities and contractor personnel under contract with COMNAVSEASYS COM and/or its shore activities.

2. Cancellation. NAVORD Instruction 5510.3C of 4 April 1974.

3. Time Limitation. One year is the maximum period of time for which a visit involving RESTRICTED DATA or CNWDI can be approved.

4. Terminology. For purposes of this instruction, the following definitions apply:

a. Critical Nuclear Weapons Design Information (CNWDI). That TOP SECRET or SECRET RESTRICTED DATA revealing the theory of operation or design of the components of a thermonuclear or implosion-type fission bomb, warhead, demolition munition or test device. Specifically excluded is information concerning arming, fuzing and firing systems; limited life components; total contained quantities of fissionable, fusionable, and high explosive materials

NAVSEAINST 5510.12
14 July 1977

by type, and components which military personnel set, maintain, operate, test or replace.

b. RESTRICTED DATA. All data concerning the (1) design, manufacture or utilization of atomic weapons; (2) production of special nuclear material; or (3) use of special nuclear material in production of energy, but shall not include data declassified or removed from the RESTRICTED DATA category.

c. FORMERLY RESTRICTED DATA. Data removed from the RESTRICTED DATA category upon determination jointly by the Energy Research and Development Administration (ERDA) formerly the Atomic Energy Commission (AEC) and the Department of Defense (DOD) that such data relates primarily to the military utilization of atomic weapons and that such data can be adequately safeguarded as classified defense information. Such information is however, treated as RESTRICTED DATA for purposes of foreign dissemination. See Subparagraph 9c of this instruction.

d. Navy Personnel. This includes all personnel of COMNAVSEASYSCOM and its shore activities including the following: (1) those authorized by reference (a) to approve access; (2) employees of contractors under contract with the COMNAVSEASYSCOM and/or its shore activities; and (3) COMNAVSEASYSCOM personnel who have been granted ERDA clearances.

5. Information. Reference (a) establishes the policies and procedures governing access by "Navy personnel" to RESTRICTED DATA and CNWDI. In accordance with the policy promulgated by reference (a), "Navy personnel" may have access to RESTRICTED DATA that is in the possession of ERDA, ERDA contractors or ERDA cleared personnel of other federal agencies outside the DOD or the National Aeronautics and Space Administration (NASA) but only when approved by the Commander, Naval Sea Systems Command or an authorized certifying official. In some cases, access to these data may be approved by direction of the Commander, Naval Sea Systems Command. Subparagraph 6d of this instruction applies.

6. Certifying Officials. Activities other than the COMNAVSEASYSCOM (SEA-00), COMNAVSEASYSCOM (SEA-08) and the other internal COMNAVSEASYSCOM codes listed in subparagraph 6d of this instruction, who are authorized as "certifying officials," shall issue local procedures based on reference (a) and this instruction, outlining the methods for certifying the "need-to-know" of their respective personnel for access to RESTRICTED DATA and CNWDI. A copy of the implementing directive shall be provided to this Command (SEA 09G2).

a. Reference (a) delegated authority to the Commander, Naval Sea Systems Command (formerly Commanders, Naval Ordnance Systems Command and Naval Ship Systems Command) and also the Deputy Commander for Nuclear Propulsion, COMNAVSEASYSCOM (SEA 08) (formerly NAVSHIPSCOM (SHIPS 08)) for approving for "Navy personnel" under their jurisdiction the need-to-know for access to RESTRICTED DATA and CNWDI.

b. The following shore activities under the Command of the Chief of Naval Material (CHNAVMAT) were also delegated authority by reference (a) to approve the need-to-know for access to RESTRICTED DATA and CNWDI for personnel under their jurisdiction.

Commander, David W. Taylor Naval Ship Research and Development Center
(formerly Commander, Naval Ship Research and Development Center)
Officer-in-Charge, Dahlgren Laboratory, Naval Surface Weapons Center
(formerly Commander, Naval Weapons Laboratory)
Commander, Naval Surface Weapons Center, White Oak
(formerly, Commander, Naval Ordnance Laboratory)
Commander, Naval Ocean Systems Center
(formerly, Commander, Naval Undersea Center)
Commanding Officer, Naval Coastal Systems Laboratory
Commanding Officer, Naval Underwater Systems Center

The majority of work relating to ERDA matters conducted by these NAVMAT shore activities is under the cognizance of the COMNAVSEASYSCOM. Therefore, copies of the CNWDI Rosters shall be forwarded to this Command (SEA 04J3) for information and retention on the Master Roster.

c. Authority for approving the need-to-know for access to RESTRICTED DATA and CNWDI for personnel under their jurisdiction was granted by reference (a) to the following shore activities under the Command of the Naval Sea Systems Command:

NAVSEASYSCOM Technical Representative USERDA, Pittsburgh Naval Reactor Office
NAVSEASYSCOM Technical Representative USERDA, Schenectady Naval Reactor Office
Commander, Charleston Naval Shipyard, Naval Base, Charleston, SC
Commander, Long Beach Naval Shipyard, Long Beach, CA
Commander, Mare Island Naval Shipyard, Vallejo, CA
Commander, Norfolk Naval Shipyard, Portsmouth, VA
Commander, Pearl Harbor Naval Shipyard, Pearl Harbor, HI
Commander, Philadelphia Naval Shipyard, Philadelphia, PA
Commander, Portsmouth Naval Shipyard, Portsmouth, NH
Commander, Puget Sound Naval Shipyard, Bremerton, WA
Supervisor of Shipbuilding, Conversion and Repair, USN, Bath, ME
Supervisor of Shipbuilding, Conversion and Repair, USN, Boston, MA
Supervisor of Shipbuilding, Conversion and Repair, USN, Brooklyn, NY
Supervisor of Shipbuilding, Conversion and Repair, USN, Charleston, SC
Supervisor of Shipbuilding, Conversion and Repair, USN, Groton, CT
Supervisor of Shipbuilding, Conversion and Repair, USN, Jacksonville, FL
Supervisor of Shipbuilding, Conversion and Repair, USN, Long Beach, CA
Supervisor of Shipbuilding, Conversion and Repair, USN, New Orleans, LA
Supervisor of Shipbuilding, Conversion and Repair, USN, Newport News, VA
Supervisor of Shipbuilding, Conversion and Repair, USN, Pascagoula, MS
Supervisor of Shipbuilding, Conversion and Repair, USN, Pearl Harbor, HI
Supervisor of Shipbuilding, Conversion and Repair, USN, Portsmouth, VA
Supervisor of Shipbuilding, Conversion and Repair, USN, San Diego, CA

NAVSEAINST 5510.12

14 July 1977

Supervisor of Shipbuilding, Conversion and Repair, USN, San Francisco, CA
Supervisor of Shipbuilding, Conversion and Repair, USN, Seattle, WA
Supervisor of Shipbuilding, Conversion and Repair, USN, Sturgeon Bay, WI
Commanding Officer, Naval Explosive Ordnance Disposal Facility
Commanding Officer, Naval Ordnance Missile Test Facility
Naval Plant Representative Office, Sunnyvale, CA

Copies of the CNWDI Rosters shall be forwarded to this Command (SEA 04J3) for information and retention on the Master Roster.

d. The following COMNAVSEASYSCOM officials are authorized to certify the "need-to-know" for access to RESTRICTED DATA and CNWDI for Naval Ship Engineering Center (NAVSEC) personnel and COMNAVSEASYSCOM personnel under their jurisdiction:

Head, Nuclear Weapons Division (SEA 04J3)
Director, Security Division (SEA 09G2)

Certifying officials listed in subparagraph 6d of this instruction shall sign the need-to-know certifications (form AEC 277) "By direction of the Commander, Naval Sea Systems Command." Need-to-know certifications (message) shall be signed by the Certifying Official and position title since the official has been granted by direction authority for the Commander, Naval Sea Systems Command.

e. The following NAVSEASYSCOM shore activities officials are authorized to certify the "need-to-know" for access to RESTRICTED DATA and CNWDI for personnel under their jurisdiction:

Commanding Officer, Naval Ammunition Depot, McAlester, Oklahoma
Commanding Officer, Naval Weapons Station, Yorktown, Virginia
Naval Plant Representative Office, Laurel, MD
Commanding Officer, Naval Weapons Station, Seal Beach, CA

Certifying officials listed in subparagraph 6e of this instruction shall sign the need-to-know certifications (form AEC 277 or message) "By direction of the Commander, Naval Sea Systems Command," and forward an information copy to the COMNAVSEASYSCOM (SEA 09G2). These need-to-know certifications can not be signed by direction of the Head of the respective activity nor by position title. Copies of the CNWDI Roster shall be forwarded to this Command (SEA 04J3) for information and retention on the Master Roster.

f. The Commanders of the Defense Contract Administrative Services Regions (DCASR) were delegated authority by reference (a) to approve the need-to-know for access to RESTRICTED DATA and CNWDI for contractor personnel under their respective jurisdiction. Accordingly, the DCASR's are authorized as certifying officials for contractor personnel under contract with the COMNAVSEASYSCOM and/or its shore activities provided the Contract Security Classification Specification (DD Form 254) specifies access to RESTRICTED DATA and/or CNWDI is required. Copies of the CNWDI Rosters shall be forwarded to this Command (SEA 04J3) for information and retention on the Master Roster.

7. Special Requirements

a. Authorization for access to RESTRICTED DATA is required when "Navy personnel" attend conferences, visit or are visited by ERDA personnel, ERDA contractor personnel or personnel of other federal agencies outside DOD and NASA where RESTRICTED DATA in possession of ERDA are involved.

b. Authorization for access to RESTRICTED DATA is required when "Navy personnel" must receive correspondence, documents, reports or materials containing RESTRICTED DATA from ERDA, ERDA contractors or other federal agencies outside DOD and NASA. This procedure requires the establishment of mail and/or shipping channels.

c. Authorization for access to RESTRICTED DATA and CNWDI is required when "Navy personnel" must receive or have access to CNWDI. In accordance with reference (a), a Command CNWDI Roster shall be maintained by the COMNAVSEASYSKOM (SEA 04J3) with an information copy forwarded to COMNAVSEASYSKOM (SEA 09G2). "Navy personnel" requiring access to CNWDI shall complete form NAVSEA 5510/1 (enclosure (2)) and forward to the COMNAVSEASYSKOM (SEA 04J3) or the respective authorized certifying official listed herein. An expiration date must be indicated on the form NAVSEA 5510/1. If continuation of access to these data is required and prior to the expiration date on the form NAVSEA 5510/1, a letter to COMNAVSEASYSKOM (SEA 04J3) or the respective authorized certifying official requesting an extension may be forwarded. In many instances however, access to CNWDI shall be required for only a short period of time.

d. The authority to grant access to RESTRICTED DATA that is related to the Naval Nuclear Propulsion Program (NNPI) shall only be exercised by those officials who are authorized as certifying officials in accordance with this instruction or reference (a) and who are directly involved in the Naval Nuclear Propulsion Program.

8. Clearance Requirements

a. "Navy personnel" must be U.S. citizens who possess a valid security clearance which is equal to or higher than the security classification of the RESTRICTED DATA to which access is required. A final TOP SECRET or a final SECRET security clearance, as appropriate, is required before access to CNWDI can be authorized. Interim DOD security clearances issued to DOD or contractor personnel, including contractor-granted CONFIDENTIAL security clearances, do not meet this requirement.

b. ERDA clearances issued to ERDA personnel, and ERDA contractor personnel shall be accepted as the equivalent of DOD security clearances for personnel of federal agencies other than DOD, as follows:

ERDA

"L"

"Q"

DOD

CONFIDENTIAL

SECRET and below

"Q"*

TOP SECRET

* Specific ERDA authorization for TOP SECRET access required.

c. Security clearances for ERDA personnel, ERDA contractor personnel or personnel of other federal agencies outside DOD and NASA who have been certified by ERDA to visit COMNAVSEASYS COM shall be maintained at COMNAVSEASYS COM (SEA 09G2).

9. Handling and Stowage Requirements

a. RESTRICTED DATA shall be handled and stowed in the manner prescribed for classified defense information of the same security classification. References (b) and (c) apply.

b. RESTRICTED DATA may not be released outside DOD except to persons authorized by ERDA.

c. Dissemination of RESTRICTED DATA and FORMERLY RESTRICTED DATA to any foreign nation or regional defense organization or a representative thereof is prohibited except in accordance with agreements for cooperation entered into pursuant to Section 123 of the Atomic Energy Act of 1954, as amended. In the case of such agreements, release of these data may be made only through the Director of Naval Intelligence.

10. Mail and Shipping Channels. Activities requesting authority to receive correspondence, reports, documents and/or material containing RESTRICTED DATA, other than Naval Nuclear Propulsion Program RESTRICTED DATA, from ERDA, ERDA contractors, or other federal agencies outside DOD and NASA shall submit a letter or form AEC 277 containing the following information to the Commander, Naval Sea Systems Command (SEA 09G2):

a. Military Commands

- (1) Name and title of authorized recipient
- (2) Citizenship of the proposed recipient
- (3) Organizational unit and complete mailing address
- (4) Type of correspondence, reports, documents or material required under the specific program
- (5) Security clearance of recipient, date of issuance, basis and date of basis
- (6) Certification that the incumbent of the titled billet requires the material in the performance of official duties
- (7) Name of the ERDA facility from which these data are requested

b. Contractors under contract with COMNAVSEASYSKOM and/or its Shore Activities

- (1) Name of recipient
- (2) Title of recipient's position
- (3) Security clearance of recipient, to be verified by the contractor's security officer
- (4) Name and complete mailing address of the contractor
- (5) Contract number for which data is required
- (6) Type of correspondence, reports, documents or material required under the specific program
- (7) Name of ERDA facility from which these data are requested

11. Visit Authorization. Form AEC 277 is a certification that the personnel concerned have a "need-to-know" for access to RESTRICTED DATA in the hands of ERDA. ERDA is the final authority for approving access to these data. "Navy personnel" visiting a military agency or a DOD contractor in connection with ERDA matters or attending meetings with ERDA personnel in attendance shall submit the form AEC 277 along with a separate classified visit request to the activity to be visited in accordance with Navy visit procedures. References (b) and (c) apply. Form AEC 277 does not fulfill the visit requirements as outlined in reference (b).

12. Cancellation of Access. When "Navy personnel" who have been authorized access to RESTRICTED DATA or CNWDI no longer require this special access, due to reassignment, resignation or retirement, either as a visitor or a mail and shipping channel recipient, cancellation must be made of the existing authorization by submitting a form AEC 277 citing the visitor's or recipient's name and the date and symbol of the form AEC 277 which established the access. This form shall be sent to the activity for processing which had originally established the ERDA visit clearance or mail channel in order that the activity may cancel the access authorization.

13. CNWDI Briefing/Debriefing Requirements. "Navy personnel" requiring access to CNWDI must be briefed by signing the Briefing Statement (top half of form NAVSEA 5510/1) (enclosure (2)). When access to CNWDI is no longer required either in the performance of official duty or by virtue of reassignment, resignation or retirement of an individual authorized access to these data, the Debriefing Statement (lower half of NAVSEA Form 5510/1 (enclosure (2))) must be executed. COMNAVSEASYSKOM personnel shall be briefed and debriefed by COMNAVSEASYSKOM (SEA 04J3). Shore activities, except those activities listed in paragraph 6 of this instruction, shall brief/debrief their personnel and forward the briefing/debriefing statement to the COMNAVSEASYSKOM (SEA 04J3). Shore activities listed in

paragraph 6 of this instruction shall, as certifying officials, brief/debrief personnel under their cognizance and retain the briefing/debriefing statement. Contractor personnel shall be briefed and debriefed by the contractor's Security Officer, who shall forward the briefing/debriefing statement to the cognizant Defense Contract Administration Services Region (DCASR). These executed briefing/debriefing statements shall be retained by authorizing officials for a period of two years.

14. CNWDI Roster. COMNAVSEASYSKOM (SEA 04J3) shall maintain a Master CNWDI roster for all personnel who have been authorized access to CNWDI by COMNAVSEASYSKOM, its shore activities, contractors under contract to COMNAVSEASYSKOM and/or its shore activities. Shore activities under the command of the COMNAVSEASYSKOM and those activities listed in subparagraph 6b of this instruction which come under the command of CHNAVMAT who were granted authority by reference (a) to certify the "need-to-know" for access to CNWDI for personnel under their jurisdiction directly to ERDA shall submit a copy of their CNWDI Roster to COMNAVSEASYSKOM (SEA 04J3). DCASR's shall submit to COMNAVSEASYSKOM (SEA 04J3) CNWDI rosters of contractor personnel certified as having a "need-to-know" for access under a COMNAVSEASYSKOM or NAVSEASYSKOM shore activity contract. Any changes, additions or deletions to the CNWDI Roster must be forwarded to the COMNAVSEASYSKOM (SEA 04J3), as they occur.

15. Privacy Act Requirements. In accordance with references (d) and (e), the cognizant activity must ensure that each person reads the Privacy Act Statement before being briefed for CNWDI. The Privacy Act Statement on form NAVSEA 5510/1 must be read prior to the CNWDI briefing.

16. Action

a. "Navy personnel" requiring access to RESTRICTED DATA or CNWDI must submit, "Request for Visit or Access Approval, form AEC 277," to the Commander, Naval Sea Systems Command (SEA 09G2) or to the cognizant certifying official listed in paragraph 6 of this instruction, whichever is applicable.

b. Form AEC 277 shall be completed in quintuplicate in accordance with enclosure (1) and copies 1 through 4 forwarded to the Commander, Naval Sea Systems Command (SEA 09G2) or other designated official for approval in sufficient time to ensure that the request may be processed and forwarded to the activity to be visited at least ten days prior to the date of the visit.

c. The information on the form AEC 277 shall be clear and concise. Classified information and AEC Sigma Numbers shall not be used. When required, special access information shall be added to the form AEC 277 by COMNAVSEASYSKOM (SEA 09G2).

d. Message and telephone requests shall be limited to emergency matters and must be confirmed with a completed form AEC 277.

17. Inquiries. All inquiries, concerning the requirements outlined in this instruction, shall be forwarded to the Commander, Naval Sea Systems Command (SEA 09G2).

18. Forms. An initial distribution of form NAVSEA 5510/1 shall be made to shore activities by COMNAVSEASYS COM (SEA 04J3). Future requirements for this form shall be submitted to the Commander, Naval Sea Systems Command (SEA 04J3). Shore activities may requisition form AEC 277 (Stock Number 0100-200-0102; Unit of Issue - EA) from the Navy Supply System in accordance with NAVSUPPUBS 437 and 2002. COMNAVSEASYS COM personnel may obtain form NAVSEA 5510/1 and form AEC 277 from the Self Service Storeroom (Forms), 3E42, Nat'l Cntr 3.

PRIVACY ACT STATEMENT

Under the authority of Atomic Energy Act of 1954, as amended (42 USC 2163), personal information is requested in order to brief/debrief access to CNWDI; govern access to and dissemination of Restricted Data and Critical Nuclear Weapons Design Information to personnel throughout NAVSEASYSOCOM and its contractors. The information provided by you will become a permanent part of the NAVSEA Master CNWDI Roster of personnel authorized to have access to this information. The information provided will not be divulged without your written authorization to anyone other than LOD and Energy Research and Development Administration personnel who require the information in the performance of their official duties. You are required to provide this information; failure to do so will result in your not being authorized to receive or hold Critical Nuclear Weapons Design Information, which could preclude your performing certain duties assigned in connection with your job.

CRITICAL NUCLEAR WEAPONS DESIGN INFORMATION
SECURITY BRIEFING CERTIFICATE

1. I acknowledge that I have been authorized to receive or hold Critical Nuclear Weapons Design Information, which is that TOP SECRET Restricted Data or SECRET Restricted Data revealing the theory of operation or design of the components of a thermonuclear or implosion-type fission bomb, warhead, demolition munition or test device. Specifically excluded is information concerning arming, fuzing and firing systems; limited life components; and total contained quantities of fissionable, fusionable, and highly explosive materials by type. Among these excluded items are the components which Service personnel set, maintain, operate, test or replace.
2. I understand that when I have a change in my assignment or a change in my status, which will render it no longer necessary for me to receive Critical Nuclear Weapons Design Information, I will execute a debriefing certificate in order that my name may be removed from the list of personnel authorized access to this information.
3. I appreciate that the Security of Critical Nuclear Weapons Design Information is of a paramount importance and that the disclosure of such information could cause exceptionally grave danger to the United States. I will not discuss with or disclose to any person, Critical Nuclear Weapons Design Information unless that person is currently authorized access to such information and has the need-to-know.
